Subject: First Technical Notice of Deficiency
Minor Amendment Application for
Radioactive Material License No. R04100
Regulated Entity Number: RN101702439
Customer Reference Number: CN600616890

Dear Mr. Dornsife:

Texas Commission on Environmental Quality (TCEQ) has performed technical review of a minor amendment application submitted by Waste Control Specialists LLC (WCS) under cover letter dated January 12, 2010. The application also included by reference the final construction documents package submitted under cover letter dated June 29, 2009 to demonstrate compliance with License Condition 63. The submitted information has technical deficiencies which are listed in the enclosed attachment and identified as the first Technical Notice of Deficiency or NOD. Comments relating to the WCS security system will be submitted under a separate cover letter and marked confidential.

For minor amendments as per TCEQ rules, the applicant must provide responsive information within 20 days from the date of the first NOD. The applicant may request additional time to respond. The request must be in writing, set forth the reasons why the applicant cannot respond within the time provided and specify the amount of additional time requested. Any extension of time must be approved by the executive director in writing. Please submit an original response for TCEQ records along with four (4) copies for staff review.

If you have any questions, you may contact me at (512) 239-5604, or through correspondence at the address: MC-233, P.O.Box 13087, Austin, Texas 78711-3087.

Sincerely,

Devane Clarke, Manager
Radioactive Material Licensing
Radioactive Materials Division

DVC/nlc
